INTRODUCTION

The 2023-2024 Salary Schedule provides a uniform and equitable payment of wages for services rendered by certificated and classified employees. Certificated employees must possess a valid Alabama Teacher's Certificate or be eligible for a waiver from the State Department of Education. Classified employees include all support employees who do not work as certificated employees.

Salaries in the Salary Schedule are based on years of experience, degree/certification, and assignment. Certificated employees will be paid on the highest degree recognized by the Alabama State Department of Education. Years of experience are categorized as "Steps" on this schedule. For example, step five indicates four years of experience. Experience is defined as the number of years of service in education or a related field. Credit may be granted for years of experience outside the school system. **It is the responsibility of the employee to verify the accuracy and correctness of his/her compensation and to promptly call questions and discrepancies to the attention of his/her Principal/Director. In addition, it is the responsibility of the employee to submit appropriate verification of experience, degree/certification, military experience, and/or other information regarding compensation to the Personnel Department.**

The base salary of full-time employees is paid in twelve equal monthly increments, regardless of the term of the appointment.

Employees who are hired after the beginning date of their contract receive a prorated salary for the balance of that contract year.

Payroll periods for all employees are established according to a schedule developed by the Finance Department. Payroll checks are issued on the last business day of the month.

Participation in the Retirement Systems of Alabama is mandatory if an individual is employed in a position that is eligible for coverage and is employed on at least a one-half time basis. The member's contribution rate is set by law at 7.5% of earned

compensation for employees hired prior to January 1, 2013, or with prior service credit with the Retirement Systems of Alabama. The member's contribution rate for employees hired after January 1, 2013, is set by law at 6.2%.

Other mandatory withholdings include Social Security, currently 6.2% and Medicare, currently 1.45%. Federal and State taxes are also mandatory, unless the employee meets criteria to claim an exempt status.

New employees begin employment under the guidelines of the current Salary Schedule. The salaries of specific employees may be grandfathered from previous salary schedules. A change in employment status may require a reevaluation of salary placement.
